To All Certificated Non-Consent Tow Car Operators

Re: Senate Bill 175 Model Tariff Wording

On March 23, 2006, the Transportation Services Authority's Board of Commissioners approved model wording to comply with Senate Bill 175 regarding the imposition of lien and other administrative fees for non-consent Category A and B law enforcement tows under certain circumstances.

A portion of Senate Bill 175 amended NRS 706.4479 as it relates to notification of the registered and legal owner of motor vehicles towed at the request of a law enforcement officer following an accident involving the motor vehicle, and the timing on the imposition of certain fees with regard to these vehicles by the tow car operator.

Attached are model pages each tow car operator certificated to provide non-consent Category A and B law enforcement tow services **must** incorporate as part of their tariff. Additionally, the pages are available on our website, www.tsa.nv.gov. As indicated, the amounts may be different from operator to operator, and not all operators have administrative charges currently within their tariffs. **Use your currently approved rates in these model pages. DO NOT change or add any rates at this time.**

Please submit your updated pages **no later than July 10, 2006**, with a ten dollar filing fee, to:

Transportation Services Authority
2290 South Jones Boulevard, Suite 110
Las Vegas, Nevada 89146
Attn: Kim Lighthart

If you have any questions, please call me, at (702) 486-3303 ext.410. Thank you for your attention to this matter.

Sincerely,

Kim Lighthart, C.P.A.
